How a card works

Every card has the same layout. Look at the pictures, read the 3 steps, and play. Dad appears in the pictures, but any game can be led by Mom, Dad or another adult.

1. **Number, name and age**
   The card color shows the skill. The age box color shows the level.
2. **Goal and what you need**
   What the game trains, how many players, equipment, time.
3. **The big picture**
   Show it to your child first. They will get the idea in seconds.
4. **How to play**
   3 steps, each with its own picture.
5. **Easier and Harder**
   Too hard? Make it easier. Too easy? Add the harder version.
6. **Challenge**
   Beat the Challenge? Color a star. 3 stars = card done: color it on the star chart.
7. **Say to your child**
   One short phrase to repeat while they play.

Tips for a great session

Keep it short. 3 to 5 cards, 30 to 45 minutes in total.

Praise the effort, not only the result.

Stop while it is still fun. Leave them wanting more.

Play with them. Children copy what they see.

Repeat favorite cards. Practice makes progress.

Many games need no court: a park or a backyard works too.

What is a round? The tries or time shown on the card, then rest.

Coordination

001 Racket Pancake

Keep the ball on the racket while you move.

4–7 years

Goal: balance and ball control.

1+ players	**1 racket** and ball each	**1 cone** or a marker	**~ 5 m** distance	**3 rounds** 30 s rest

How to play

1 Make the tray

Ball on the strings. Racket flat at tummy height.

2 Walk to the cone

Small steps. Eyes on the ball.

3 Turn and come back

Go around the cone and return. Ball falls? Pick it up and continue.

Easier

Cone at 3 m. Free hand close to the ball.

Harder

Every 3 steps, gently turn the racket left and right, keeping it level.

Challenge

3 rounds without dropping the ball?
